

LET'S HELP OUR TOYS!

In this activity, your child will pull action cards that instruct them to take care of their toy in different ways. This will remind them they can serve God by helping others just like we learned in our Bible story!

DIRECTIONS

PREP

1. Create action cards by writing down several ways to help on index cards or pieces of paper.
2. Some examples:
 - a. Give your toy a hug.
 - b. Put a warm blanket around your toy.
 - c. Get your toy a (pretend) snack.
 - d. Tell your toy "Jesus loves you!"
 - e. Draw a picture for your toy.
 - f. Help your toy pick up a mess.

DO

1. Let your child pick out one or more of their favorite dolls, figurines, character toys, or stuffed animals.
2. Shuffle up the action cards and let your child pick one.
3. Read the card to them and help them follow the action step.
4. Repeat with multiple action cards, reminding your child that they are helping their toy!

TEACHING CONNECTION

One of our purposes is to serve God by serving others. We can do this when we help or take care of someone or something. By helping our toys, we are practicing what it looks like to serve!
