Expanded **example prompts** with detailed combinations of items from lists on this page

1. A neon unicorn with a plaid top hat, inspired by the pop art style of Roy Lichtenstein, in a neon rainbow color scheme, with the unicorn in sharp focus and the background blurred, framed with a minimalist outline.
2. A futuristic robot playing a fuchsia violin, inspired by the surrealism of Salvador Dalí, with a metallic silver and gold palette, where the robot is the only thing in focus, with everything else blurred into abstract shapes, framed with an embossed metal texture.
3. A blazing tree house made of jellybeans, inspired by the whimsical illustrations of Dr. Seuss, in a pastel candy color scheme, with the tree house in sharp focus and the surrounding landscape blurred, framed with a grunge, distressed finish.
4. A glittering mermaid riding a polka-dotted bicycle, inspired by the bold and graphic designs of Keith Haring, with a black and gold palette, where the mermaid is in focus and the surrounding sea and sky are blurred into abstract shapes, framed with a watercolor wash.
5. A psychedelic dinosaur wearing a tutu with stripes, inspired by the trippy and vibrant art of Jimi Hendrix, in a vibrant rainbow color scheme, with the dinosaur in sharp focus and the background blurred into vibrant shapes, framed with irregular, hand-drawn edges.
6. A bouncing kangaroo playing basketball with fire, inspired by the kinetic sculptures of Alexander Calder, with a fiery red and orange palette, where the fire is in focus and the rest of the scene is blurred, framed with a refined, gilded edge.
7. A flashy butterfly with a neon mohawk, inspired by the street art of Banksy, with a bold black and neon color scheme, where the butterfly is in focus and the background is blurred into neon shapes, framed with abstract brush strokes.
8. A crazy cat driving a convertible sports car, inspired by the whimsical paintings of René Magritte, with a muted blue and green palette, where the car is in focus and the surroundings are blurred into abstract shapes, framed with an intricate lace pattern.
9. A sizzling penguin with a velvet sombrero, inspired by the playful sculptures of Claes Oldenburg, with a spicy red and yellow palette, where the penguin is in focus and the background is blurred into abstract shapes, framed with neat, defined lines.
10. A radiant flamingo with a sparkly skateboard, inspired by the lively and colorful paintings of Frida Kahlo, with a bright pink and orange palette, where the flamingo is in focus and the background is blurred into vibrant shapes, framed with an elegant, subtle vignette.
11. A towering giraffe with a polka-dot bow tie, inspired by the quirky illustrations of Maira Kalman, with a playful polka-dot pattern, where the giraffe is in focus and the background is blurred into abstract shapes, framed with a dark, moody atmosphere.

12. A booming bear playing a drum set made of ice, inspired by the organic and biomorphic forms of Jean Arp, with a frozen blue and white palette, where the drum set is in focus and the surrounding landscape is blurred into abstract shapes, framed with a radiant, sun-kissed halo.

13. A hypnotic snake playing a silver harp, inspired by the dreamlike paintings of Hieronymus Bosch, with a mystical purple and green palette, where the snake is in focus and the surrounding landscape is blurred into dreamlike shapes, framed with a rustic, weathered edge.

Using a photo reference, plus an expression of panic, then including references to a crowded school bus.
